Learn a New Skill

What skills are mentioned in your favorite book? Perhaps a character learns to ride a unicycle. Other characters may create beautiful pottery, learn to juggle, take black-and-white photographs, train dogs, bake layer cakes, or play the guitar.

Identify a skill mentioned in your book. Gather together the materials you'll need to learn this skill. Keep in mind that learning a new skill may take several weeks or months. Commit to practicing this skill at least twice a week. Keep a journal detailing your growing abilities. Finally, organize a talent show to demonstrate your new-found skill!
