

Make a Time Capsule

Time capsules are containers that are buried or otherwise hidden and are meant to be discovered many years from now.

Choose your favorite book and write about it. Tell people from the future why this is such a good book. Where can they find the book? What makes this book special and intriguing? What is your favorite part of the book, and who is your favorite character?

Put your writing in an envelope. You may want to include a photo of yourself. Now, seal the envelope. Put it in a plastic bag or other weatherproof container and bury it in a local park or on a playground for someone in the future to discover. (Be sure to get permission ahead of time to dig on public property.)

Alternatively, you may choose to place your time capsule inside a wall that is being built or under a cement slab before it is poured. Whatever you choose, make sure that your capsule is in a place where it will be safe for years.
